

PPC GOOGLE ADS ASSESSMENT**Section A – Basics (Short Answers)****1. What is PPC? Explain with an example.**

ANSWER: PPC (Pay-Per-Click) is an online advertising model where advertisers pay a fee every time someone clicks on their advertisement.

Example: A restaurant runs a Google Ads campaign for the keyword “**best pizza near me.**” When a user clicks the restaurant’s ad, the restaurant pays Google for that click.

2. Difference between PPC and SEO

PPC	SEO
Paid method of getting website traffic	Organic method of getting website traffic.
Advertiser pays for a click	No payment is required for each clicks
Results can appear quickly	Results usually take more time
Traffic generally stops when the	Rankings can continue to bring

ad budget stops	traffic without paying per click.
Example: google search ads	Example: ranking naturally on google search

3. What is Quality Score? Factors affecting it.

ANSWER : **Quality Score** is a rating given by Google Ads that indicates the quality and relevance of an advertisement and its associated keywords and landing page. It is generally measured on a **1–10 scale**.

Main factors affecting Quality Score:

1. **Expected CTR** – likelihood that users will click the ad.
2. **Ad relevance** – how closely the ad matches the user's search.
3. **Landing page experience** – how relevant and useful the landing page is.

4. What is CTR? Write the formula.

ANSWER: CTR (Click-Through Rate) measures the percentage of people who click on an advertisement after seeing it.

Formula:

$$\text{CTR} = (\text{Number of Clicks} \div \text{Number of Impressions}) \times 100$$

Example: If an ad receives 20 clicks from 1,000 impressions:

$$\text{CTR} = (20 \div 1,000) \times 100 = 2\%$$

5. Why is Landing Page Quality important for PPC?

ANSWER: Landing Page Quality is important because it affects the **user experience, conversions, and advertising performance**.

A good landing page should:

- Be relevant to the advertisement.
- Load quickly.
- Be easy to navigate.
- Clearly provide the information or offer promised in the ad.
- Have a clear **call-to-action (CTA)**.

1. Display Ad Content

Write: • Headline (30 characters) • Description (90 characters)

- CTA (Shop Now / Book Now / Learn More)
- Image idea
- Brand logo placement
- Colors to use

ANSWER:

Business: Ecommerce – Online Fashion Store

Display Ad Content

Headline (30 characters):

Shop Trendy Fashion Today

Description (90 characters):

Discover trendy fashion at great prices. Shop the latest styles online today!

CTA:

Shop Now

Image Idea:

Use an attractive image showing fashionable clothing, shoes, and accessories. The image should look modern and eye-catching.

Brand Logo Placement:

Place the brand logo in the top-left corner of the display ad so it is clearly visible.

Colors to Use:

Use black, white, and pink to create a stylish and modern fashion look.

2. Targeting Plan Choose any one targeting method:

- Audience Interest Targeting
- Custom Intent Audience
- Remarketing Audience
- Placement Targeting

Write: • Who will see your display ad?

- Why did you choose this targeting

ANSWER: Targeting Method: Audience Interest Targeting

Who will see your display ad?

The ad will be shown to people who are interested in fashion, clothing, online shopping, shoes, accessories, and the latest fashion trends.

Why did you choose this targeting?

I chose Audience Interest Targeting because it helps show the advertisement to people who are already interested in fashion and online shopping. This can increase the chances of getting clicks, website visits, and purchases.

Section D – Mini Project

Choose any business and prepare a Complete PPC Strategy:

- Campaign Goal
- Budget Split (₹10,000 sample)
- Keyword Table
- Search Ad Copy
- 1 Display Ad Concept
- Landing Page Suggestions
- Expected Results (CTR / CPC / Leads)
- Optimization Strategy

Business Chosen: Ecommerce – Online Fashion Store

1. Campaign Goal

The main goal of the PPC campaign is to increase website traffic, generate online purchases, and attract customers who are interested in fashion products.

The campaign will target people searching for clothing, fashion, shoes, and accessories online.

2. Budget Split – ₹10,000 Sample

Total PPC Budget: ₹10,000

- **Google Search Ads: ₹7,000**
- **Google Display Ads: ₹3,000**

Search Ads will receive more budget because they target users who are actively searching for products, while Display Ads will help create brand awareness and reach potential customers.

3. Keyword Table

keyword	Match type	Approx CPC
Online fashion store	Phrase match	10
Buy clothes online	Phrase match	12
Men's clothing store	Phrase match	10

Headline 3: Upgrade Your Style Today

Description 1:

Discover trendy clothes, shoes and accessories at great prices.
Shop online today.

Description 2:

Find the latest fashion styles for every occasion. Order online and shop with ease.

Final URL:

<https://www.fashionstore.com>

CTA: Shop Now

5. Display Ad Concept

Ad Size: 300 × 250 pixels – Medium Rectangle

Headline: Shop Trendy Fashion Today

Description: Discover the latest fashion styles at great prices.
Shop online today!

Image Idea:

Show fashionable clothing, shoes, and accessories with a clean and modern background.

Offer: Up to 50% Off

CTA: Shop Now

Logo Placement:

Place the brand logo in the top-left corner.

Colors:

Use black, white, and pink for a stylish and modern appearance.

6. Landing Page Suggestions

The landing page should be simple, attractive, and easy to use.

Suggestions:

- Use a clear headline such as “**Latest Fashion at Great Prices.**”
- Show popular products immediately.
- Add clear **Shop Now** and **Buy Now** buttons.
- Display current offers and discounts.
- Include product images, prices, and product details.
- Make the website mobile-friendly.
- Provide easy navigation to categories such as Men, Women, Shoes, and Accessories.
- Add customer reviews to build trust.
- Make the checkout process simple and quick.

7. Expected Results

With a sample budget of ₹10,000, the expected results could be:

- **Expected CTR:** 3%–6%
- **Expected Average CPC:** ₹8–₹15
- **Expected Clicks:** Approximately 650–1,000
- **Expected Leads/Purchases:** Approximately 20–50

These are estimated results for the assignment. Actual performance will depend on keywords, competition, ad quality, targeting, landing page experience, and location.

8. Optimization Strategy

The campaign will be regularly monitored and optimized to improve performance.

- Check CTR and CPC regularly.
- Pause keywords that receive clicks but do not generate useful results.
- Increase budget for high-performing keywords and ads.
- Add negative keywords to avoid irrelevant searches.
- Test different headlines and descriptions.
- Improve the landing page if conversion rates are low.
- Use different audience segments to identify better-performing customers.
- Monitor mobile and desktop performance separately.
- Use conversion tracking to measure purchases and other important actions.
- Regularly adjust bids and budget based on campaign performance.
